## SUPER ROD®

### True innovation designed by you.

The real innovation behind Super Rod products is that they don't just route cable. These are multi-purpose tools that allow installers to inspect, illuminate and retrieve with a range of unique time saving attachments.

In 2009 alone, the Super Rod system saved a massive 9 million hours to the electrical industry, worth over \$650,000,000. Surveys have proven that the payback time for investing in a Super Rod set is very often after just one job, reinforcing the fact that anyone who uses cable should be using Super Rod!

#### Mega Set (MSRMX)

With over 52ft (16m) of rods, giving you 5 different flexibilities, it's no wonder this is our most popular kit. This combined with our extensive range of attachments, makes this the must have kit for anyone working with cable.
